ST08 | USER MANUAL

**Package:** One gift box, one user manual, one smart band unit.

Remark: The product is waterproof (IP68), You can wear it while washing hands and, in the rain, – Seawater is prohibited.

 Do not use the product when having a hot shower. The steam will penetrate the waterproofing and will cause the circuit to burn. All these are beyond the scope of the warranty.

## **Buttons Instruction:**

**Top button:** Keep the button pressed for a few seconds to power ON/OFF the device. Short press the button when the device is ON, to light the screen.

**Bottom button:** Flashlight turn ON/OFF

**Touch instructions:** swipe up to return to the home screen; slide down to enter the status bar slide left to enter the notification center slide right to enter the main menu.

**Changeable band:** A switch at the connector between band and watch case, push it to the middle to take off the existing band, same way to set a new band.

**Charging instruction:** this product adopts is using magnetic force charging. Supports 5V mobile phone charger and computer USB interface. Put the charging cable to the back of the device's charging pins, it will charge automatically. It usually takes 2 hours to fully charge and the device's standby time up to 30 days, 5-10 days for working. Do not use the watch when charging.

**⚠️ You should place the magnetic charger correctly at the pins. If the charger is not properly aligned with the pins, it will cause the circuit to burn.**

**The watch can connect with your phone by downloading the application “FitCloud PRO” using one of the methods below:**

1) Android / IOS : Scan the QR code using any scanner, to download the app “FitCloud Pro

2)Android: search and download “FitCloudPro” app from Google Play;  
iOS: search and download “FitCloudPro” app from Apps Store;

After installation, turn on phone Bluetooth and FitCloudPro App, confirm the notifications and all

others permission “FitCloudPro” asks are enabled, and fill up personal information. Tap “Add device”, search “L15” device (turn on the GPS in the smart phone before binding) and tap connect.

How to set the notification reminder: In “FitCloud-Pro” – Device - Notifications, select the corresponding Apps, turn ON the switch.

What should I do if I don't receive the notifications?

1. For the watch to be able to display notifications from your phone, it must be connected with your phone through the app. Once connected, select which notifications you want your watch to display through the app.

2. If still not receiving any notification after step (1). Reset the watch to factory setting, enter the Bluetooth settings in the phone, and check if it's connected device “L15”. If so, please unpair, turn OFF the phone's Bluetooth, then turn it ON again to reconnect.

3. If all above 2 steps cannot solve the notification issue, uninstall the “FitCloudPro” and download it again. Remember to give all the required permissions when prompted.

**Firmware upgrade:** When bluetooth is connected, in “FitCloudPro”, Tap “Device- “Firmware version” - it

will remind you if there's a new version available for update. During the updating, it will show a process bar, wait until the process is completed. Watch will restart and reconnect to the phone App. Do not operate the watch during the update. It takes 3-5 mins.

## **Main Features:**
